DIGESTIVE SYSTEM

Who Am I ?

1. I am the place where digestion begins. Food is crushed into smaller pieces here.

Who am I ?

2. I reabsorb much of the water here. Who am I?

3. After the food is chewed in the mouth, it passes through my tunnel. Who am I ?

4. Juices from liver, intestine and pancreas come together here to help me digest and absorb nutrients. Who am I ?

5. The food is churned and digested with the help of the juices released by my wall.

Who am I?

6. The solid waste is released by me. Who am I?

7. I absorb the nutrients here. Who am I?

8. I am broken down into glucose. Who am I ?

9. I am the solid waste which the body did not absorb. Who am I ?

10. I tell you the taste of the food you eat. Who am I ?

11. Everyone calls me mouth but I also have a scientific name. Who am I ?

12. I release saliva into your mouth. Who am I ?
